

A hand-drawn floor plan of a kitchen. The layout includes a sink, a refrigerator (labeled 'NC'), and a stove (labeled 'V'). The plan is annotated with numerous measurements in inches and feet, as well as corner indicators (L for left, R for right, V for vertical, and a checkmark for a corner).

- Top Wall:** A small rectangular protrusion is located on the right side. The distance from the left wall to the start of this protrusion is 302 inches.
- Left Wall:** The total height is 819 inches. There are two corner indicators (L) on this wall. A small rectangular protrusion is located near the bottom, with a distance of 065 inches from the bottom-left corner.
- Right Wall:** The total height is 819 inches. There are two corner indicators (R) on this wall. A small rectangular protrusion is located near the top, with a distance of 047 inches from the top-right corner. Another small rectangular protrusion is located near the bottom, with a distance of 031 inches from the bottom-right corner.
- Bottom Wall:** The total width is 362 inches. There are two corner indicators (L and R) at the ends. A small rectangular protrusion is located near the left end, with a distance of 100 inches from the left wall. A small rectangular protrusion is located near the right end, with a distance of 076 inches from the right wall. A corner indicator (V) is located near the right end.
- Internal Measurements:**
 - The distance from the left wall to the sink is 285 inches.
 - The distance from the sink to the right wall is 270 inches.
 - The distance from the left wall to the stove is 121 inches.
 - The distance from the stove to the right wall is 121 inches.
- Labels:**
 - 'SINK' is located above the sink.
 - 'NC' is located above the refrigerator.
 - 'V' is located above the stove.
